

Strategies for Working Together

In Pairs:

Select COMPARE and then scan in the QR code on the last page of the Lumina Spark Portrait of your partner. Immediately select the "+" sign at the bottom right corner of your APP to enter the three personae. Notice how your Splashes overlay and the differing length of your arms. Press the dots at each aspect and scroll around through all three personae.

Discuss:

What are some of the things you have in common with your partner? What are three of the biggest differences you noticed in one another? Now that you understand one another a bit better, what is ONE THING each of you can do for the other, to have a better relationship?
